

01: Parameter

Model	KLY-2040ET
Power	3000w
Power Supply	110v-240v, 50hz/60hz
Workable size	Diameter: 40~200mm/ Length:10~400mm
Material thickness	0.15~0.6mm
Air pressure	0.6mpa 350L/min
Gluing speed	800~1000pcs/hour
Precision	0.1mm
Controlling	PLC
Driving system	Eight-station divider
Overall size	900*1300*1780mm
Net weight	500kgs

02: Character

Automatic glue the bottom of PVC, PET cylindrical box

Rotary round table continuous positioning

The size of cylindrical box is changeable

PLC operation system is visible and convenient

Labor and cost save

Can combined with automatic production line
